

PRESS RELEASE

Grand re-opening of cotac depot in Houston

cotac site renewed and expanded

Hamburg, October 7, 2024

The HOYER Group, one of the world's leading service providers for liquid bulk logistics solutions, has expanded and extended its capacity with the grand re-opening of its network partner cotac in Houston, Texas. The cotac group is the global service network for integral services of the HOYER Group, offering facilities relating to cleaning, workshops and the storage of liquid bulk equipment. cotac's site in Houston, Texas, celebrated its grand re-opening on October 3, 2024, following extensive renovation and expansion work.

After 30 years of offering cleaning and depot services, cotac in the USA presented its newly refurbished facility to clients, prospects, and co-workers. "This refurbished site will ensure that the facility meets the needs of our customers for the next 30 years and beyond," says Jesse Gomez, cotac manager. The project brings modernization of the wash facilities in order to offer superior cleans while further minimizing environmental impact.

"At this site, we now can also offer new services like loaded storage, ensuring our customers' deliveries can be stored safely within close proximity to both the Port of Houston and their end customers," explains Patrick de Heide, Director Region North America of the HOYER Group.

Through the installation of almost nine acres of concrete, inspection lanes, an 18-lane steam heating station and a refitment of most systems and structures on site, cotac is now able to provide increased productivity and quality.

"We are excited about the upgraded depot and the incremental value it brings to our business and our customers. We are delivering a depot facility that enhances our services with great efficiency," said Jesse Gomez. And continues: "We are delighted about the benefits our expanded service offerings provide for the HOYER Group, our other existing customers and our future customers."

"By investing in this huge refurbishment project, we are reaffirming our commitment to providing our customers with the best possible service all around the globe," says Björn Schniederkötter, Chief Executive Officer of the HOYER Group.

The cotac group is an integral part of the full-service portfolio of the HOYER Group. Worldwide, twelve locations at logistics hubs in Europe, Asia and the USA support the logistics processes and products of HOYER in close partnership. cotac ensures globally uniform standards for tank cleaning, repair and depot services, and is regularly audited in accordance with DIN EN-ISO 9001 and SQAS. The technical services provided by cotac ensure the smooth, efficient

ABOUT THE HOYER GROUP

HOYER, a traditional independent family business, has been one of the world's leading bulk logistics providers since 1946. As a specialist, it has extensive know-how in the provision of holistic services, with particular customer proximity. It develops and implements comprehensive solutions in European and worldwide bulk logistics, especially in the chemical, food, gas and mineral oil products industries. For this, employees and representative offices in over 100 countries on five continents support customers with well-thought-out logistics solutions to make them even more successful in their respective markets. As well as trucks, road tankers, IBCs and tank containers, HOYER owns numerous logistics plants with depots, cleaning facilities and workshops.
